## Second session dates June 11th -July 30 2011

### June 11 - July 30th : The American Scene”

**Program:** The American Scene is a public art program for youth ages 8 to 12 and will directly reflect the 1930s American Scene movement by allowing participants to depict their Ethiopian heritage through art. Students will work closely with a different local artist and arts educator to create a mid-size piece of public art that depicts the students’ view of their culture. The groups will meet for approximately 20 work hours throughout the course of an eight-week summer period. The goal is to reflect the students’ voices as well as to document their Ethiopian heritage. The final piece of public art will be displayed at the Felege Hiywot Center.

Children 4-7 years of age will be participating in the gardening education, Ethiopian History and arts and crafts.
