### **Meet the 4H Youth Program Facilitator**

My Name is Yeimi Guillen. I am a Junior at Broad Ripple High School. I play the violin and I'm starting cello lessons next month. My hobbies are playing the violin, drawing, and reading.

I decided to volunteer in the 4H Youth Program because after working at FHC I discovered how much I enjoy working with kids. I like doing things that help the future of kids and I think this program would be great to help kids and I wanted to be part of that. Many of the kids I worked with this summer are going to be in the program, I missed them. I think it's going to be a good opportunity to get closer to them. I believe this is going to be another great adventure to experience and I can't wait to work with the kids.
